To whom it may concern:

At a recent community service roundtable hosted by Amherstburg Town Councillor Patricia Simone, the cost of police clearance was raised as a concern by the approximately fifteen not-for-profit organizations attending.

As a not-for-profit organization, we reimburse our volunteers for police clearance fees to be inclusive for all who wish to volunteer and give back to their communities. If our volunteers were required to pay their own police clearance fee it could prohibit some from volunteering.

We respectfully request that you consider the waiver of police clearance fees to lessen the financial burden on our organization and possibly increase the number of volunteers.

Thank you for your consideration of our request.

Sincerely,
